Buckets

Buckets serve as containers for objects, and can be individually configured in terms of their location, resiliency, billing rates, security, and object lifecycle rules.

A horizontal row of five distinct images. From left to right: 1. A portrait of a woman with long dark hair wearing a pink sari. 2. A woman in a vibrant, multi-colored patterned jacket posing with one arm raised. 3. A close-up of Spider-Man's mask. 4. The character Deadpool in his red and black suit, holding his signature katanas. 5. A man with a beard and mustache, wearing a red and black plaid shirt, holding a professional video camera on his shoulder.
