The screenshot shows the IBM Watson Assistant console. The 'Actions' tab is selected, displaying a table of actions. The table has columns for Name, Last edited, Examples Count, and Status. One action named 'Hello' is listed, created 5 minutes ago with 2 examples and a status of 'OK'.

Name	Last edited	Examples Count	Status
Hello	5 minutes ago	2	OK

The console also shows a sidebar with navigation options: Actions, Variables, and Saved responses. The 'Actions' section is expanded, showing 'Created by you' and 'Set by assistant'.

The screenshot shows a web chat interface integrated with IBM Watson Assistant. The chat window is overlaid on a background image of a clothing store. The chat text says "Hi! I'm a virtual assistant. How can I help you today?". Below the text are three example prompts: "Hello", "Example: Check account balance", and "Example: See how I can help". At the bottom of the chat window is a text input field labeled "Type something..." and a "Send" button. The chat window is built with IBM Watson Assistant.
